

Message from Chairman

IndianOil Golden Jubilee Celebrations

Dear Colleagues,

Today, the 30th June, 2009, is a historic day for IndianOil. This day marks IndianOil's entry into the golden era with commencement of Golden Jubilee celebrations. My compliments to each one of you on this special occasion.

Looking back, it was indeed a momentous journey – from being the country's first national oil company in the downstream sector to emerging as India's leading *Fortune* 'Global 500' company. With foundations laid by visionary leaders like Pandit Jawaharlal Nehru and Shri Keshav Dev Malaviya and the spirited contribution of our former colleagues in charting its glorious growth path, IndianOil has traversed a long way.

In all these years, *IndianOilPeople* – one and all – have served their country like true soldiers, worked on advancing technologies and delivering superior products & services, achieved soaring levels of sales and profits, and carved out a global presence for the Corporation. They stood together in times of hardship and turbulence in business, thrived on every new opportunity, and always led the competition. These achievements should be a matter of great pride and satisfaction for everyone of you.

As we face the future, I see our business surging into a futuristic era of expansion, integration and diversification. Let us continue with the IndianOil spirit of striving for excellence and rising to the challenge of sustained growth in a competitive environment, as we had done before. Let us aggressively pursue our growth plans, inspired by a new Vision with Values to always LEAD and benchmark only with the best. I am confident; I can count on your continued dedication and commitment in touching new peaks of glory in the years ahead.

It is indeed a time to reflect and rejoice in the festive spirit which the 50 Golden Years have brought in and I hope that each one of you embraces the opportunity to celebrate it with pride and joy.

Date: 30th June, 2009

(Sarthak Behuria)
